FORM 3 - Language Arts

Mak Choi Ping, Rita
3E (15)
Many years ago, there was an emperor called Qin Shihuang who always wanted to know how to live for ever.
Emperor, I have a method can help you live for ever.

Really? Then tell me quickly!

The Official learned a special method from Shenzhen and introduced how the medicines is made to the Emperor.
Wow! Why there are so many medicines?

Emperor, I am now adding different kinds of medicines into a big clay pot. After the medicines have been refined for 49 days, they will be finished. These medicines can make Emperor looks younger and lives for ever.
The clay pot broke and the medicines were all damaged.
Do you want to live forever? Although I cannot you live for ever, I can help you to prolong your life till 150 years old. And you just need to give me five minutes.

Goddess! Please tell how I can live for ever.

Goddess!
Here is a 150-years-of- happy-life robot. He must can fulfill your wish!

Wow...What a monster!
My name is 150-years-of-happy-life. According to Professor Mak, laughter can kill your germs and bad cells.

I can make you laugh everyday in order to extend your life up till 150 years old.

Ha! Ha! Ha! Ha!
Look, there are many buttons inside. They are for different uses such as replacing brain cells, repairing broken bones, stitching up wounds, adjusting your heart rate and blood pressure and preserving your appearance. If you stay inside my body five minutes every day, and press the buttons, a substance will be released and your body can be repaired automatically. Don’t worry, we have tested it and it won’t cause any negative side-effects body. Inside my body there is sufficient oxygen. Also, you can still keep contact with the outside as there is a phone inside.
Let me try it!

Wait! You must pay first.
How much does it cost?

That is cheap. I will give you a chest of gold.

5000 Hong Kong dollars only, we are doing promotion, so there is 10% off.
Five
Four
Three
Yeah!
One, two, three four, five, 150-years-of-happy-life extends your life.
